

HLR-310FL

Flammable Storage Refrigerator

Scope of Application:

This product is suitable for storing inflammable materials in laboratories of universities and scientific research institutes

Innovative Design

- ◎ Explosion Proof Fan
- ◎ Setting Temperature Range +3°C to +16°C
- ◎ Energy Star® Certified
- ◎ 360° Explosion Proof Interior

Product Advantages

Clear and Complete Alarm System with One Key Search

Multiple alarms and data function which allows users to check and save historical data, useful and convenient for laboratory inspection processes.

Energy Efficient Design

The hydrocarbon cooling system doubles the cooling efficiency and saves half the energy when compared to traditional refrigerants. In addition, the cabinet is fitted with an energy saving explosion proof fan.

Multiple Alarms

The refrigerator comes with high/low temperature alarm, door ajar alarm, sensor error alarm.

Setting Temperature Range +3°C to +16°C

The setting temperature can be adjusted within the range of 3°C to 16°C to meet multi-temperature storage requirements. With precise control, the internal temperature variation can be kept within 3°C for great temperature uniformity.

Safe and Secure

Built-in lock and adapter kit to allow users to add a padlock. Lockable control panel to prevent anyone turning off the unit by mistake or adjusting the temperature by accident.

Product Introduction

Microcomputer controller
Control and display accuracy 0.1°C

Safety Lock
Ensuring storage security

Self-closing hinge

Explosion proof interior
Effectively avoids electric spark

CFC-free solid foamed door
Protects light sensitive products

4 adjustable tempered glass shelves
Convenient storage

Solid handle, convenient for users

Padlock
Dual storage security

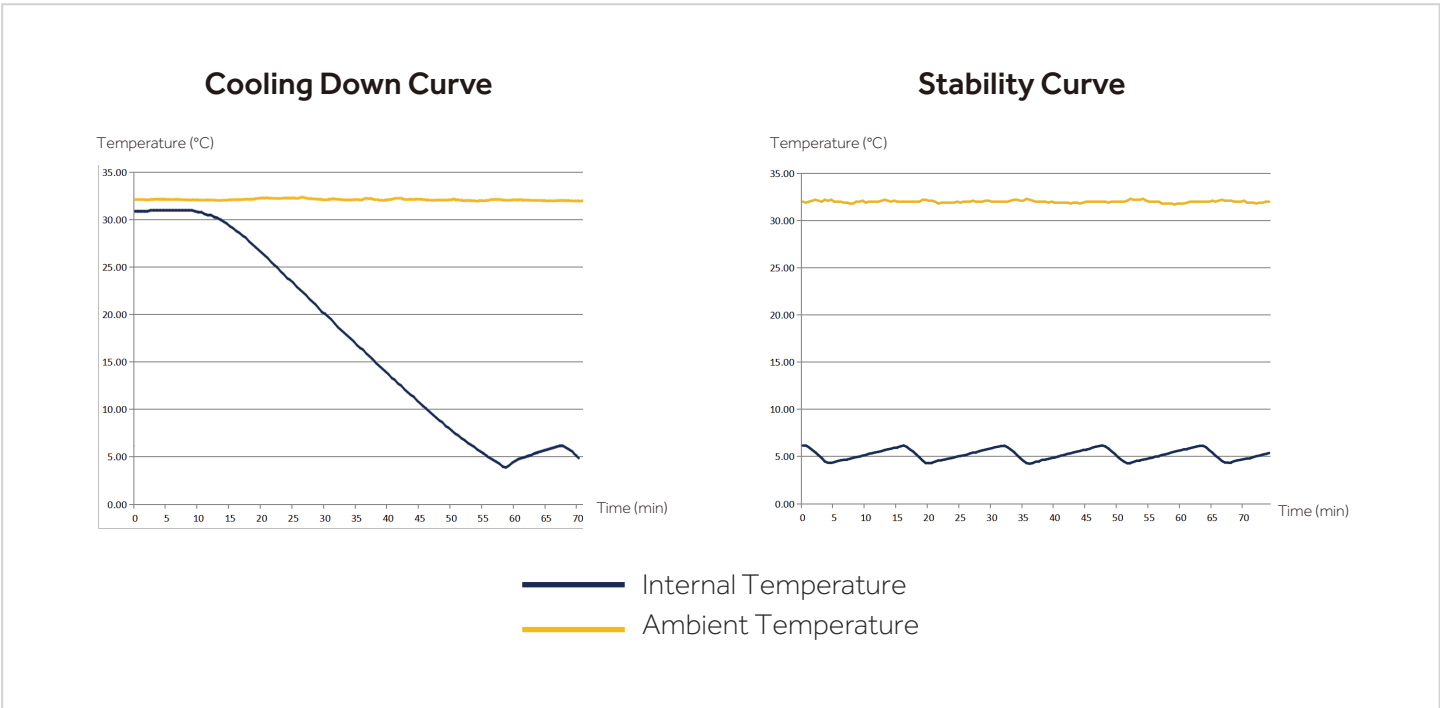

Stainless steel condensation
water collection tray

2 adjustable feet
Easy to level and position

4 Casters
Easy to move

Temperature Curve
